

CentrePort School of Prophets

...raising the most prophetic generation

GRADUATION BROCHURE AND TESTIMONIAL

Cohort 1

Meet the Director

Director's Note

My absolute desire is to instigate people to press into new frontiers of supernatural realities available to all saints; to break open the path for God's sons to mature in the prophetic, and most importantly, to show that all believers are prophetic and could develop the prophetic nature of their spirit to its fullest extent.

We have used these last four months to pour extensively into our 2022 Cohorts and it has been such an experience.

The classes, assignments, test, activations and examination were all so impacting. The development we noticed, as well as the testimonies from the students have shown that The LORD was intentional about the program and this will work again and again to the Glory of GOD

It is my sincere pleasure to welcome the CSOP 2022 cohorts into newness and all available realities in GOD.

To all our facilitators at CentrePort School of Prophets, your sessions and ministry were phenomenal, thank you. The CSOP 2022 Summer Program was indeed a cloudburst.

We fully acknowledge GOD'S favour upon this program and cannot wait to engage the next cohort in our upcoming Winter Program

Ernest Paul

Co-ordinator's Note

Our Cherished 2022 Cohorts, I must commend your openness of heart, doggedness, Patience, and attentiveness invested in all the sessions of CSOP.

My Prayer for you is [That you may come] to know [practically, through experience for yourselves] the love of Christ, which far surpasses mere knowledge [without experience]; that you may be filled [through all your being] unto all the fullness of God [may have the richest measure of the divine Presence, and become a body wholly filled and flooded with God Himself]! Ephesians 3:19 AMPC

Sincerely, it was a great journey with every one of you, and I am glad we ended the sessions well and gracefully.

Blessings!!!

Akintomiwa Anthony.

Testimonials

School of Prophets has launched me into a robust prophetic experience. SOP places huge emphasis on development of all the spiritual senses as against the traditional belief that the sense of sight is superior to others. I enjoyed the vast experience from the different facilitators. I believe this school is the foundation to a healthy journey in the prophetic

Alli-Balogun Yewande

"School of Prophets made me realize that hearing from God can be easy, and that intimacy with God is possible and should even be desired by all believers. It is essential that we all work towards hearing clearly from God"

Edgar Bukola

My experience at the Centreport school of Ministry has been a journey of practical usage of the presence and leading of the Holy Spirit. It's opened my eyes to how connected we all are in the realm of the Spirit. It's amazing how we can literally perceive each other's emotions and prophetic calling while praying with the brethren. I would recommend this course to anyone who is searching for genuine friendship and direction from God.

Onwudiwe Blessing

It was a great journey. I Learnt lots of amazing and life changing tools that helped to deepen my love-walk with God

Tugbiyele Ibukunoluwa

CSOP has demystified the operations of the prophetic for me and given me clarity on how to walk this path. Through the course, I have received grace to see and journey more in the spirit; received more clarity and perspectives to my visions and dreams; as well as ability to query more to get clarity on a subject. It is obvious to me that the school is not just built to deliver didactic lectures. There is a well-spring of living water that cultivates and makes fruitful every spoken word. Lastly, I am Happy that CSOP has succeeded in transmitting a tangible yearning and fiery hunger to embark on an onward prophetic pilgrimage, even as the Lord molds me as one of his special forces in the last day's army.

Testimonials

CenterPort School of Prophets has really impacted my life. There were a lot of light-bulb moments during the classes. It's an eye opener to the endless possibilities in God. It's a place where the dormant prophetic gifting in you is stirred up and a place where various depths in God are unveiled.

Babalola Gbemisola

The CentrePort School of Prophets has been a great experience. I got to meet and learn from a prophetic family. The school has most importantly taught me to move in faith and let the Holy Spirit do His work in me. I would actually recommend the school for those with a yearning to learn more of the prophetic and for those who want to know more of the streams of the prophetic in these times

Tugbiyele Stephen

Thank God for the privilege to attend CentrePort School of Prophets. I got to understand the prophetic dimension of God and how to operate in them. There's this hunger for God that stirs up in me after each lecture, things I trivialized became meaningful, knowing that God speaks to us in diverse ways. I want to say thank you to all the Faculties for being a blessing.

Nwosu Chidera

My motivation for enrolling into the CentrePort School of Prophets was to deepen my relationship with/and knowledge of God. I have indeed been blessed greatly.

Firstly, The School has made me realise that God is not as difficult as I havemade Him in my heart and has altered my outlook to the prophetic, making it a more comfortable space.

Secondly, I am now bolder to dare into spiritual spaces and not afraid knowing that the love of the Father through the Holy Spirit will be there as a guide. I will recommend the CSOP to anyone who is desiring to know God deeper and more intimately, not just only along the prophetic.

Thank you so much CentrePort Ministries International for putting the team and faculty together, it was a worth while experience.

Testimonials

My Experience at CentrePort School of Ministry: I am grateful to God for leading me to be trained by one of the fathers of the Prophetic Apostolic presbytery in the country. I was refreshed by the balanced teaching centered on Christ and His finished work. I came out of the school with an increased confidence in my walk with God. The reality of my union with Christ was made so manifest that my faith is now unshaken in what the scriptures say about me in Christ.

God is even more real now, things I used to consider as very deep mysteries about God, and hard to understand were simplified and made accessible. I could also feel the love for God coming through the Faculty members as they taught the different topics. A lot was communicated to me beyond words. I learnt some and others I caught. Glory to God in all

Adegbe Angela

I'm so blessed to be part of CentrePort School of Prophets. Through the teachings, impartation and activation classes, I have been fed with real spiritual food and it brought to me the specific tools, culture, heart posture and spiritual weapons that every Christian needs to know, to operate in the prophetic and seer realm. I'm so glad about the heightened discernment not just in hearing which was a major spiritual sense for me, but in seeing too, and a higher utterance frequency with boldness. I love the activation exercises and I must confess the classes have been helpful in preparing me for what God has for me. I believe that every Christian who needs to grow in intimacy and hearing the voice of God should be a part of the next cohort come January 2023.

Ighodaro Susan

The CentrePort School of the Prophets course for me is a reminder of my prophetic heritage in Christ. I participated to fan my prophetic flame and I feel the prophetic flow in me did gain more depth. Thank you.

Jemimah Nneka

I'll like to appreciate the organizers of this program. It was a wholesome experience for me full of lessons, instructions, and more importantly, I think that my heart has been reorganized and rearranged. The biases and the ignorance I came with at the beginning of the class has totally been changed.

One major paradigm shift for me is that I've come to a place where I realize that it is not just about the school of prophets in itself, this is a journey. It is a forever journey. This has set me on a path. It is not like a regular school where you just get a degree and it is assumed that you know all about what you studied. This is a journey. The school sets you on a journey of a lifetime, a journey of adventure in God.

Testimonials

CentrePort School of Prophets has helped me to be more aware of God's communication to me.

Akinola Oluwafunke

The School has been enlightening and mind-renewing for me on so many levels. I have come to see myself in my true identity as a Child of God and have become confident in listening to and discerning the voice of God. I no longer see the spirit realm as a strange and scary idea but as a natural reality with which I am able to interact and navigate. The School of Prophets has been a blessing and has positively redefined my journey in God.

Elah Lucy

Being a part of the SOP was definitely a life-changing experience. A lot of my misconceptions about the prophetic were interrogated and I gained a lot of clarity.

I came to understand God's system and His desire- that all of us be able to prophesy, but most importantly, the understanding that it all starts with intimacy with God.

Akinwande Olawatobi

The CSOP course was a full experience for me. The major highlight for me would be the somewhat "demystifying" of the prophetic to be a lifestyle centered around hearing and living out the mind of God.

Oluwatayemise Elizabeth

My name is Dotun Avungbeto .It has been an amazing journey with The school of the prophets. It was one of the best decisions I made 2022. I enjoyed all the teachings, I also enjoyed the fact that we could do practical classes, I got to know more about the supernatural and also tap into it. I got to understand God more and how to relate with God on different levels. I got to yearn for his presence more, and I am grateful for that

Avungbeto Dotun

CentrePort School of Prophets (CSOP) is a modular program designed to impart the prophetic, supernatural and mystical dimensions of God's Kingdom. It caters to people who feel called to the office of a prophet and Believers who merely seek to develop the prophetic nature of their spirit. The courses are designed to help you develop and mature in your prophetic calling. We begin at the basic levels of how to hear.

God's voice, and proceed to more advanced features of the seer realm. It assumes that for the progressive Kingdom people of the 21st Century the period of study at the School is only the initial formal training in a continued period of impartation and equipping, which will continue after graduation.
